A mobile application login screen mockup. The screen is divided into three main sections. The top section is a solid red header with the word "Login" in white text. Below this is a white area containing two input fields. Each field has a red label on the left and a white input box on the right. The first field is labeled "E-mail" and the second is labeled "Password". At the bottom of the screen is a solid red footer bar containing the text "Login" followed by a right-pointing double arrow. The entire screen is framed by a grey border representing a smartphone, with a home button at the bottom and a status bar at the top showing signal strength, "ABC", the time "03:12 PM", and a battery icon.
